

PEACE OF MIND

Pegasus Solar Mounting:
Composite Shingle Roof Installation

Pegasus Solar Mounting:
Tile Roof Installation

In addition to your 25-year product and workmanship warranty your solar system will be installed by our certified SunPower employed installation team.

When installing your solar system, our installation team will be installing the best in class Pegasus Solar mounting products that come with a 10-year roof penetration warranty fulfilled by SunPower.

Whether you have a composite shingle or tile roof, you can have peace of mind that Pegasus Solar mounting equipment will protect your home from rain with over 13 million mounts installed without a single roof leak.

Please click on the photos related to your homes roof to see a video that demonstrates how your solar systems roof penetrations are installed.
